

GROUP PROFILE

PART 1

June 2009

The Tech Edge group consists of three operating divisions, each a separate company:

Winches & Winders (Pty) Ltd	Tech Edge (Pty) Ltd	TeTech Projects (Pty) Ltd
75% W.R. Moore 25% B.R. Moore	100% Winches & Winders (Pty) Ltd	50% Maj-Gen K. Mokoape (A Shares) 50% Winches & Winders (B Shares)
Custom designed Fulton winches, winders & hoists Explosion Protection Engineering Design	Hydraulic power packs Fire protection Systems Polyurethane Equipment	Ground Support Equipment for the Military and Aerospace Industries

- ◆ The group has 60 employees, including seven full time design and project engineers.
- ◆ We have full CAD and Finite Element Analysis capability.
- ◆ We are ISO9001:2000 accredited.
- ◆ We have expanded our design and manufacturing and engineering capability considerably in recent years.
- ◆ We form mutually beneficial partnerships with suppliers, to enable the provision of products and services of excellent quality.
- ◆ We have a proven success record in the provision of Mine Winding Equipment and ancillaries as well as Ground Support Equipment both in Africa and globally.

Our factory and administration centre is situated in Kempton Park, an industrial area in Greater Johannesburg that is in close proximity to main highways, support infrastructure, suppliers and O.R. Tambo International Airport.
